

Welcome!

The New Paltz Central School District wants to make the school registration process as easy as possible for busy parents. We understand that it can be confusing trying to figure out which of the district's schools your child will attend.

To alleviate some of the confusion and help parents get all the information they need, and to assist in completing all the proper forms, the district operates a Central Registration Office where everything parents need is under one roof.

Parents of elementary, middle and high school children should go to Central Registration to enroll their children in school. The office is located in the Pupil Personnel Service Office Suite in the District Office Building located at Lenape Elementary School, 1 Eugene L. Brown Drive in New Paltz.

Call the Central Registrar at 845-256-4040 to schedule an appointment to register your child(ren), or walk-in registration is available Monday through Wednesday from 9 AM to Noon and from 1 PM until 3 PM. If you are unable to visit Central Registration during the hours of operation, remember you can call to make an appointment for a mutually convenient time.

In order to register your child(ren) you must have proof of the child's birth, proof of immunizations, and an acceptable proof of residency. Guardians or agencies must have a court order assignment and/or Department of Social Services assignment that states he/she has authorization to act on behalf of the State of New York. Listed on the accompanying page is a listing of the required documents.

All new entrants are required to have a physical examination within twelve (12) months prior to entering the District. Proof of this examination must be presented within fifteen days (15) of the time the student enters the school.

Dental Health Certificate and Health Appraisal Certificate

Education Law (Section 903) and regulations of the Commissioner of Education (Section 136.3) have been amended in regard to dental health certificates. Effective September 1, 2008, all public schools must request a dental health certificate from each student at the same times that health certificates are required. The provision of a dental health certificate for a student is not a required condition to attend school.

New students must submit a dental health certificate along with a health appraisal certificate to their School Nurse, within 30 days of entrance into the school district. Students going into grades Pre-K, K, 1, 3, 5, 7, 9 and 11, who are not new to the district must submit a dental health certificate along with a health appraisal certificate within 30 days of entrance into their new grade.

Each dental health certificate must be signed by a licensed dentist and:

- Describe the dental health condition of the student when the examination was conducted.
- Be made no more than 12 months prior to the beginning of the school year in which the examination is requested.
- State whether the student is in fit condition of dental health for attendance at public school.

Health appraisals must be preformed by a NYS licensed physician, physician's assistant or nurse practitioner.

Dental health certificates and Health appraisal forms are enclosed in this packet. They can also be found on the district web-site www.newpaltz.k12.ny.us under "Our Departments" - "Nursing".

Dental Health Certificate

Parent/Guardian: New York State law (Chapter 281) permits schools to request a dental examination in the following grades: school entry, Pre-K, K, 1, 3, 5, 7, 9 & 11. Your child may have a dental check-up during this school year to assess his/her fitness to attend school. Please complete Section 1 and take the form to your dentist for an assessment. If your child had a dental check-up before he/she started the school, ask your dentist to fill out Section 2. Return the completed form to the school's medical director or school nurse as soon as possible.

Have you noticed any problem in the mouth that interferes with your child's ability to chew, speak or focus on school activities? Yes No

I understand that by signing this form I am consenting for the child named above to receive a basic oral health assessment. I understand this assessment is only a limited means of evaluation to assess the student's dental health, and I would need to secure the services of a dentist in order for my child to receive a complete dental examination with x-rays if necessary to maintain good oral health.

I also understand that receiving this preliminary oral health assessment does not establish any new, ongoing or continuing doctor-patient relationship. Further, I will not hold the dentist or those performing this assessment responsible for the consequences or results should I choose NOT to follow the recommendations listed below.

Parent's Signature _____ Date _____

Section 2. To be completed by the Dentist

I. The Dental Health condition of _____ on _____ (date of exam) The date of the exam needs to be within 12 months of the start of the school year in which it is requested. Check one:

- Yes, The student listed above is in fit condition of dental health to permit his/her attendance at the public schools.
- No, The student listed above is not in fit condition of dental health to permit his/her attendance at the public schools.

NOTE: Not in fit condition of dental health means that a condition exists that interferes with a student's ability to chew, speak or focus on school activities including pain, swelling or infection related to clinical evidence of open cavities. The designation of not in fit condition of dental health to permit attendance at the public school does not preclude the student from attending school.

2018-19 School Year New York State Immunization Requirements for School Entrance/Attendance¹

NOTES:
Children in a prekindergarten setting should be age-appropriately immunized. The number of doses depends on the schedule recommended by the Advisory Committee on Immunization Practices (ACIP). For grades pre-k through 10, intervals between doses of vaccine should be in accordance with the ACIP-recommended immunization schedule for persons 0 through 18 years of age. (Exception: intervals between doses of polio vaccine DO NOT need to be reviewed for grades 5, 11 and 12.) Doses received before the minimum age or intervals are not valid and do not count toward the number of doses listed below. Intervals between doses of vaccine DO NOT need to be reviewed for grades 11 and 12. See footnotes for specific information for each vaccine. Children who are enrolling in grade-less classes should meet the immunization requirements of the grades for which they are age equivalent.

Dose requirements MUST be read with the footnotes of this schedule.

Vaccines	Prekindergarten (Day Care, Head Start, Nursery or Pre-k)	Kindergarten and Grades 1, 2, 3 and 4	Grade 5	Grades 6, 7, 8, 9 and 10	Grades 11 and 12
Diphtheria and Tetanus toxoid-containing vaccine and Pertussis vaccine (DTaP/DTP/Tdap/Td)²	4 doses	5 doses or 4 doses if the 4th dose was received at 4 years or older or 3 doses if 7 years or older and the series was started at 1 year or older		3 doses	
Tetanus and Diphtheria toxoid-containing vaccine and Pertussis vaccine booster (Tdap)³	Not applicable			1 dose	
Polio vaccine (IPV/OPV)⁴	3 doses	4 doses or 3 doses if the 3rd dose was received at 4 years or older	3 doses	4 doses or 3 doses if the 3rd dose was received at 4 years or older	3 doses
Measles, Mumps and Rubella vaccine (MMR)⁵	1 dose	2 doses			
Hepatitis B vaccine⁶	3 doses	3 doses or 2 doses of adult hepatitis B vaccine (Recombivax) for children who received the doses at least 4 months apart between the ages of 11 through 15 years			
Varicella (Chickenpox) vaccine⁷	1 dose	2 doses	1 dose	2 doses	1 dose
Meningococcal conjugate vaccine (MenACWY)⁸	Not applicable			Grades 7, 8 and 9: 1 dose	Grade 12: 2 doses or 1 dose if the dose was received at 16 years or older
Haemophilus influenzae type b conjugate vaccine (Hib)⁹	1 to 4 doses	Not applicable			
Pneumococcal Conjugate vaccine (PCV)¹⁰	1 to 4 doses	Not applicable			

1. Demonstrated serologic evidence of measles, mumps, rubella, hepatitis B, varicella or polio (for all three serotypes) antibodies is acceptable proof of immunity to these diseases. Diagnosis by a physician, physician assistant or nurse practitioner that a child has had varicella disease is acceptable proof of immunity to varicella.
2. Diphtheria and tetanus toxoids and acellular pertussis (DTaP) vaccine. (Minimum age: 6 weeks)
 - a. Children starting the series on time should receive a 5-dose series of DTaP vaccine at 2 months, 4 months, 6 months and at 15 through 18 months and at 4 years or older. The fourth dose may be received as early as age 12 months, provided at least 6 months have elapsed since the third dose. However, the fourth dose of DTaP need not be repeated if it was administered at least 4 months after the third dose of DTaP. The final dose in the series must be received on or after the fourth birthday.
 - b. If the fourth dose of DTaP was administered at 4 years or older, the fifth (booster) dose of DTaP vaccine is not required.
 - c. For children born before 1/1/2005, only immunity to diphtheria is required and doses of DT and Td can meet this requirement.
 - d. Children 7 years and older who are not fully immunized with the childhood DTaP vaccine series should receive Tdap vaccine as the first dose in the catch-up series; if additional doses are needed, use Td vaccine. If the first dose was received before their first birthday, then 4 doses are required, as long as the final dose was received at 4 years or older. If the first dose was received on or after the first birthday, then 3 doses are required, as long as the final dose was received at 4 years or older. A Tdap vaccine (or incorrectly administered DTaP vaccine) received at 7 years or older will meet the 6th grade Tdap requirement.
3. Tetanus and diphtheria toxoids and acellular pertussis (Tdap) vaccine. (Minimum age: 7 years)
 - a. Students 11 years or older entering grades 6 through 12 are required to have one dose of Tdap. A dose received at 7 years or older will meet this requirement.
 - b. Students who are 10 years old in grade 6 and who have not yet received a Tdap vaccine are in compliance until they turn 11 years old.
4. Inactivated polio vaccine (IPV) or oral polio vaccine (OPV). (Minimum age: 6 weeks)
 - a. Children starting the series on time should receive a series of IPV at 2 months, 4 months and at 6 through 18 months, and at 4 years or older. The final dose in the series must be received on or after the fourth birthday and at least 6 months after the previous dose.
 - b. For students who received their fourth dose before age 4 and prior to August 7, 2010, 4 doses separated by at least 4 weeks is sufficient.
 - c. If the third dose of polio vaccine was received at 4 years or older and at least 6 months after the previous dose, the fourth dose of polio vaccine is not required.
 - d. Intervals between the doses of polio vaccine do not need to be reviewed for grades 5, 11 and 12 in the 2018-19 school year.
 - e. If both OPV and IPV were administered as part of a series, the total number of doses and intervals between doses is the same as that recommended for the U.S. IPV schedule. If only OPV was administered, and all doses were given before age 4 years, 1 dose of IPV should be given at 4 years or older and at least 6 months after the last OPV dose.
5. Measles, mumps, and rubella (MMR) vaccine. (Minimum age: 12 months)
 - a. The first dose of MMR vaccine must have been received on or after the first birthday. The second dose must have been received at least 28 days (4 weeks) after the first dose to be considered valid.
 - b. Measles: One dose is required for prekindergarten. Two doses are required for grades kindergarten through 12.
 - c. Mumps: One dose is required for prekindergarten and grades 11 and 12. Two doses are required for grades kindergarten through 10.
 - d. Rubella: At least one dose is required for all grades (prekindergarten through 12).
6. Hepatitis B vaccine
 - a. Dose 1 may be given at birth or anytime thereafter. Dose 2 must be given at least 4 weeks (28 days) after dose 1. Dose 3 must be at least 8 weeks after dose 2 AND at least 16 weeks after dose 1 AND no earlier than age 24 weeks.
 - b. Two doses of adult hepatitis B vaccine (Recombivax) received at least 4 months apart at age 11 through 15 years will meet the requirement.
7. Varicella (chickenpox) vaccine. (Minimum age: 12 months)
 - a. The first dose of varicella vaccine must have been received on or after the first birthday. The second dose must have been received at least 28 days (4 weeks) after the first dose to be considered valid.
 - b. For children younger than 13 years, the recommended minimum interval between doses is 3 months (if the second dose was administered at least 4 weeks after the first dose, it can be accepted as valid); for persons 13 years and older, the minimum interval between doses is 4 weeks.
8. Meningococcal conjugate ACWY vaccine. (Minimum age: 6 weeks)
 - a. One dose of meningococcal conjugate vaccine (Menactra or Menveo) is required for students entering grades 7, 8 and 9.
 - b. For students in grade 12, if the first dose of meningococcal conjugate vaccine was received at 16 years or older, the second (booster) dose is not required.
 - c. The second dose must have been received at 16 years or older. The minimum interval between doses is 8 weeks.
9. Haemophilus influenzae type b (Hib) conjugate vaccine. (Minimum age: 6 weeks)
 - a. Children starting the series on time should receive Hib vaccine at 2 months, 4 months, 6 months and at 12 through 15 months. Children older than 15 months must get caught up according to the ACIP catch-up schedule. The final dose must be received on or after 12 months.
 - b. If 2 doses of vaccine were received before age 12 months, only 3 doses are required with dose 3 at 12 through 15 months and at least 8 weeks after dose 2.
 - c. If dose 1 was received at age 12 through 14 months, only 2 doses are required with dose 2 at least 8 weeks after dose 1.
 - d. If dose 1 was received at 15 months or older, only 1 dose is required.
 - e. Hib vaccine is not required for children 5 years or older.
10. Pneumococcal conjugate vaccine (PCV). (Minimum age: 6 weeks)

**INFORMATIONAL MESSAGE:
MENINGOCOCCAL VACCINE SCHOOL REQUIREMENTS FOR SEPTEMBER 2016**

The purpose of this informational message is to inform school superintendents, principals, nurses and administrators of new meningococcal vaccine school requirements that will take effect on September 1, 2016.

On October 26, 2015, Governor Cuomo signed into law Chapter 401 of the laws of 2015 which amended New York State (NYS) Public Health Law (PHL) section 2164 to require children entering or attending seventh and twelfth grades on or after September 1, 2016 to receive an adequate dose or doses of vaccine against meningococcal disease as recommended by the Advisory Committee on Immunization Practices (ACIP). Meningococcal meningitis is a serious disease which can lead to death within hours. Survivors may be left with severe disabilities, including the loss of limbs, cognitive deficits, paralysis, deafness, or seizures. In the coming year, the New York State Department of Health (NYSDOH) will work with the New York State Education Department and other partners to draft regulations and establish updated immunization requirements charts and other materials to help implement this new requirement.

The ACIP recommendations for meningococcal vaccine are:

- A single dose of vaccine against meningococcal serogroups A, C, W-135, and Y (MenACWY vaccine; brand names Menactra® or Menveo®) should be administered to all adolescents at age 11 or 12 years.
- A second (booster) dose of MenACWY vaccine should be administered at age 16 years.
 - The booster dose is not necessary for adolescents who receive the first dose of MenACWY at 16 years of age or older.
 - The minimum interval between doses of MenACWY vaccine is 8 weeks.
- A serogroup B meningococcal vaccine series (MenB vaccine) may be administered to adolescents and young adults 16 through 23 years of age, at the discretion of the healthcare provider. The preferred age for MenB vaccine is 16 through 18 years of age.

STUDENT MEDICATION PROCEDURES

When your child's physician feels that it is necessary for medication to be taken during the school day, there are certain procedures as mandated by the New York State Education Department which must be followed. School nurses **can not** administer any medication, including over the counter medicines, to students without a written order from a physician. This order must be signed by both the physician and you as the parent/guardian. Our procedures are as follows:

- **EACH SCHOOL YEAR-** At the beginning of each school year, a NEW, completed New Paltz Central School District Authorization for Medication Form must be presented to your child's school nurse. This form must be signed by both the physician and you as the parent/guardian.

- **MEDICATION-**
 - Must be delivered directly to the school nurse by the Parent or Guardian. You will be provided with a receipt for the medication. **NO** medication will be accepted from students.
 - Medication **MUST** be in the original labeled container as prepared by the pharmacist. Over the counter medications must be in the original packaging.
 - At the end of the school year medications must be picked up on the last day of school. Nurses by law are not permitted to keep medications over the summer. Medication can also not be returned to students.

- **STUDENTS AND SELF CARRY MEDICATIONS-** Certain medications may require a student to carry and administer their own medication. This is generally for medications requiring immediate administration such as inhalers or medication for allergic reactions. If it is necessary for your child to carry the medication, the child's physician **must** indicate that your child has been instructed in and understands the proper use of their medication on the New Paltz Central School District Authorization for Medication Form.

- **MEDICAL INFORMATION AND ACADEMICS-** Your child's health plays a part in their academic performance, including behavior and ability to concentrate. In order to help keep your child focused on their academics the nurses are asking permission to share relevant medical information with your child's teachers. To grant this permission please sign the related line on the New Paltz Central School District Authorization for Medication Form.

Incomplete forms will not be accepted

The New Paltz Central School District

Summary Code of Conduct

2018-2019

INTRODUCTION

The New Paltz Board of Education hopes that our students will become passionate learners who are empowered to achieve their dreams and act as good citizens of the world.

To achieve that goal, the Board strives to provide safe schools for all students regardless of actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender or sex and prohibit denigration of a student’s physical size/shape where all members of the school community behave with personal responsibility and mutual respect. The Board recognizes that to maintain such an environment, we must all live within certain boundaries and that inappropriate action by one person can infringe upon the rights of another. When conflicts arise, we are committed to nonviolent resolutions that encourage personal growth, responsibility and that treat each individual with respect and dignity.

This Code of Conduct describes the behavior that the Board expects from all members of the school community, identifies consequences if those standards are not met, and establishes procedures to ensure that discipline, when necessary, is prompt, fair and effective.

Unless otherwise indicated, this Code applies to all students, school personnel, parents, and other visitors when on school property or attending a school function.

A full copy of the District Wide Code of Conduct may be found on the District website, [www. newpaltz.k12.ny.us](http://www.newpaltz.k12.ny.us), in the District Office and in the main offices of each school building.

Definitions

Definitions of terms (e.g., among others “disruptive person”, “violent person”, “parent”, “school property”, “school function”, and “weapon”) are found in **Attachment A** of the full Code.

The Board expects respectful behavior and civil conduct on all school property, including buses, and at all school functions, whether on or off school property.

The Board will not tolerate:

- Possession or use of weapons or illegal materials.

- Behaviors that infringe on the physical, and/or mental well-being of others, or that disrupt the educational environment.

- Violation of any federal, state or local law, or Board policy.

Attachment B describes the specific expectations for staff, parents and visitors.

Attachment C describes the specific expectations for students.

Attachment D describes consequences for infractions of the Code.

DIGNITY FOR ALL STUDENTS ACT

The Board of Education recognizes that a learning environment that is safe and supportive can increase student attendance and improve academic achievement. A student’s ability to learn and achieve high academic standards, and a school’s ability to educate students, is compromised by incidents of discrimination or harassment, including but not limited to bullying, taunting, hazing and intimidation. The District will strive to create an environment free of discrimination and harassment and will foster civility in the schools to prevent and prohibit conduct which is inconsistent with the District’s educational mission.

The District condemns and prohibits all forms of discrimination and harassment of students based on actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender or sex and prohibit denigration of a student’s physical size/shape by school employees or students on school property or at school-sponsored events and activities that take place on or off of school property. In addition, any act of discrimination or harassment outside of school-sponsored events which can reasonably be expected to materially and substantially disrupt the educational process may be subject to discipline. **Attachment E-** DASA Policy

DRESS CODE

Students' dress is a reflection of our school, community, parents, and themselves. All students are expected to dress neatly in clothing suitable for school activities. Student attire should not disrupt or interfere with the educational process for the individual or surrounding persons whether during school hours or school functions, on or off school property.

All members of the school community must be dressed in appropriate clothing and utilize the protective equipment as required for physical education classes, participation in athletics, science laboratories, and home and careers skills classes. Any dress or appearance which constitutes a threat or danger to the health and safety of students shall be deemed unacceptable (e.g., heavy jewelry or jewelry with spikes which can injure the student or others). (The provisions of the Dress Code may be found in **Attachment F** of the full Code.)

REPORTING CODE VIOLATIONS

Each individual in the school community has the responsibility to report code violations that he or she witnesses. Violations involving weapons, alcohol or illegal substances (including synthetic drugs such as synthetic cannabinoids) must be reported immediately. Students should report violations to the building principal or a guidance counselor, social worker, teacher or any adult they trust. Adults should report violations in accordance with district policy. When code violations break not only school policy but the law, the school principal or designee must promptly notify the appropriate law enforcement agency.

District staff authorized to impose discipline are expected to report violations in a prompt, fair and lawful manner. District staff that are not authorized to impose disciplinary sanctions are expected to promptly report violations to their supervisor, or refer the matter to a staff member who is authorized to impose discipline. Any weapon, tobacco, alcohol, illegal substance, or unauthorized medication found shall be confiscated immediately, if possible. Notification of the student's parents and imposition of discipline will follow if warranted.

The building principal or designee must notify the appropriate local law enforcement agency of code violations that constitute a crime or that substantially affect the order or security of a school, as soon as practical. Notification shall be made by telephone, followed by a letter mailed on the same day that the call was made.

DISCIPLINE

The Board believes that the best discipline is self-imposed. Adults should model self-discipline and help students accept responsibility for their actions.

Disciplinary action should be used only when necessary and in accordance with applicable contracts, laws, regulations and policies. Such actions should not just punish, but encourage personal growth and individual responsibility. Staff members authorized to impose discipline should act in a prompt, fair and problem-solving manner.

School personnel administering student discipline should consider:

- The student's age, learning style, and prior disciplinary record.
- The nature and circumstances of the offense.
- The effectiveness of any prior discipline.
- Information from parents, teachers or others, as appropriate.
- Other extenuating circumstances.

As a general rule, discipline will be progressive. This means that a student's first violation will usually (but not always) merit a lighter consequence than subsequent violations.

Consequences: For students, these can range from an oral warning to permanent school suspension. Disciplinary action against staff will conform to law and applicable contracts. Visitors will be asked to leave the building. **Attachment D** more fully describes the possible consequences.

Procedures: All disciplinary action should adhere to District contracts, regulations and policies. Students accused of misconduct should be told by authorized personnel of the nature of the accusation. If necessary, authorized school staff should investigate the facts surrounding the alleged misconduct. Students should have an opportunity to tell their version of the events. Students subject to penalties other than an oral or written warning or a written notification to their parents are entitled to additional rights before the penalty is imposed. **Attachment G** more fully describes disciplinary procedures.

Minimum suspensions: A student who brings a weapon to school (including but not limited to a weapon under the Gun Free Schools Act) will be suspended for at least one calendar year, unless the Superintendent modifies the penalty. A student who commits any other violent act or who repeatedly and substantially disrupts the educational process could be suspended for at least five days, unless the Superintendent modifies the penalty. **Attachment H** more fully describes minimum suspensions.

Alternative instruction for disciplined students: The district will provide immediate, alternative instruction to all students removed from classes by teachers or suspended from school.

Referrals: Students may be referred for counseling, a Person in Need of Supervision petition through Family Court, or juvenile delinquency proceedings. **Attachment I** describes when students may be referred to such counseling or proceedings.

Disciplining students with disabilities: Students with known or suspected disabilities who are determined to have committed an act of misconduct will be referred to the District's Committee on Special Education (CSE). A student will not be punished if the CSE determines that the conduct stems from the student's disability. But when the CSE determines that discipline is warranted, it will conform to the federal and state laws and regulations governing the discipline of students with disabilities. Such students will not receive harsher punishments than students who are not disabled. **Attachment J** describes the specific policies for disciplining students with disabilities.

Use of physical force: Corporal, or physical punishment, is strictly forbidden. However, reasonable physical force may be used to:

- Protect yourself or others from physical injury.
- Protect school or personal property.
- Restrain or remove a disruptive or violent student who refuses to refrain from disruptive or violent acts.

The district will file reports on incidents of the use of physical force with the Commissioner of Education in accordance with Commissioner's Regulations. The Building Principal or designee is responsible for enforcing these rules, as described in **Attachment K**.

STUDENT SEARCHES AND INTERROGATIONS

Searches: Police, as well as the superintendent, building principals and assistant principals, may search students and their possessions for illegal matter or matter that threatens the health, safety, welfare or morals of fellow students, if there is reasonable individualized suspicion.

School computers, desks, lockers and storage spaces are school property and may be opened and inspected by school officials from time to time without prior notice or student consent, but mindful of the student's rights and the nature of the school as an educational institution.

Questioning: School officials may question students about possible violations of school rules. The student's parents may be contacted depending upon the circumstances.

The police may enter the schools if a crime has been committed on school property, they have an arrest or search warrant, or if they have been invited by school officials. Prior to such questioning, police must give students their "Miranda rights" and school administrators or police must diligently try to notify the student's parents and give them the opportunity to be present.

Child Protective Services (CPS) may interview students on school property without notification to the parents regarding allegations of suspected child abuse, maltreatment or neglect (including educational neglect).

Attachment L more fully describes the rules governing student searches and questioning.

SCHOOL VISITORS

The Board encourages parents and other community members to visit our schools to observe the work of students, teachers and other staff. But all visitors must first report to the office and obtain authorization for being on school premises. The building principal or his or her designee is responsible for all persons in the building and on the grounds.

Attachment M more fully describes the policy governing school visitors.

PUBLIC CONDUCT ON SCHOOL PROPERTY

The district is committed to providing an orderly, respectful and safe environment that is conducive to learning. All persons on school property or attending a school function, whether on or off of school property, shall conduct themselves in a respectful and orderly manner.

No person, either alone or with others, while on school property or attending a school function, shall:

- Intentionally injure or threaten to injure any person.
- Intentionally damage or destroy school property or the property of others, or remove or use such property without authorization.
- Disrupt the orderly conduct of classes, school programs and activities.
- Distribute or wear materials that are obscene, advocate illegal action, appear libelous, obstruct the rights of others or are disruptive to the school program.
- Intimidate, harass or discriminate against any person on the basis of actual or perceived race, color, creed, weight, national origin, ethnic group, religion, religious practice, age, gender, sexual orientation or disability **or any other discriminatory reason.**
- Harass, which includes a sufficiently severe action or a persistent, pervasive pattern of actions or statements (verbal, by electronic or other means), directed at an identifiable individual or group which are intended to be, or which a reasonable person would perceive as ridiculing or demeaning.
- Intimidate, which includes engaging in actions or statements that put an individual in fear of bodily harm, including threats.
- Enter any school property without authorization or remain in any school premises after it is closed.
- Obstruct the free movement of any person.
- Violate traffic laws, parking regulations or other vehicle restrictions.
- Possess, consume, sell, distribute or exchange alcoholic beverages, tobacco, or controlled substances (including synthetic drugs such as synthetic cannabinoids), or be under the influence of the above.
- Possess or use weapons (unless specifically authorized by the district).
- Loiter, gamble, litter or spit.
- Refuse to comply with reasonable directives of school officials while they are performing their duty.
- Willfully incite others to commit any acts prohibited by the Code of Conduct.
- Violate any federal or state law, local ordinance or Board policy.

DISSEMINATION AND REVIEW OF CODE

The school district will educate the community about this Code of Conduct by:

- Providing a summary of the code to all students and parents at the beginning of each school year, including a form encouraging comments on how to improve or change the code.
- Providing copies of the code, including any amendments, to all school personnel as soon as practical after adoption
- Providing new employees with a copy of the code when they are hired.
- Providing copies of the code to any student, parent or community member who asks for one.

Copies of the complete code are available on the District website. **Attachment N** more fully describes the district's plan for educating the community about the Code of Conduct

Dear Students and Parents/Guardians:

New York State enacted Project SAVE (Safe Schools against Violence in Education Act) in 2000, to improve school safety and promote an environment of learning in our schools. To accomplish this end, all school districts must have a Code of Conduct. The purpose of our District Code of Conduct is to set expectations for behavior and to maintain order in our school community. These expectations are based on principles of good citizenship, mutual respect, tolerance and integrity.

The New Paltz District Code was developed by a District Wide Health Advisory Committee, including students, parents, community members, teachers and administrators. We have included feedback from public forums and surveys from students, parents and teachers, administrators and the Board of Education.

We encourage ongoing feedback from all areas of our school community and hope that you will use the tear off sheet below to include your comments and suggestions. Please include your name and telephone number for further contact, if needed, and return to:
