**8.1 Second Reading of Policy 5662-Charging School Meals**

Non-Instructional/Business Operations

**SUBJECT: CHARGING SCHOOL MEALS**

The Board of Education recognizes the importance of good nutrition and the impact on student learning. The Board of Education recognizes that, on occasion, students may not have enough funds to pay for a meal. To ensure that students do not go hungry, but also to promote responsible student behavior and minimize the fiscal burden to the district, the Board will allow students who do not have enough funds to “charge” the cost of meals to be paid back at a later date subject to the terms in this policy.

1. Elementary School and Middle School students may charge meals without limit; same
2. High School students may charge one meal. When that charge is paid, they can charge one meal again; same
3. Only regular reimbursable meals may be charged, excluding extras, à la carte items, and snacks;
4. Elementary School students may charge milk or a milk substitute.
5. All elementary and middle school student communications regarding unpaid meal charges shall be directly and solely with the parent/guardian (“parent”). No student in elementary or middle school will be told of unpaid meal charges.
6. A computer-generated point of sale system which identifies and records all meals, allows for automatic replenishment, as well as collects repayments will be used. Parents are encouraged to utilize the automatic replenishment option; and
7. Charged meals must be counted and claimed for reimbursement on the day that the student charged (received) the meal, not the day the charge is paid back. When charges are paid, these monies may not be considered “à la carte” transactions.

High School students eligible for free meals shall not be denied a reimbursable meal, even if they have accrued a negative balance from other cafeteria purchases. No student with unpaid charges will be prohibited from purchasing food if they have money that day.

When a student's account balance is a negative balance and a meal is thereafter charged, the District will discretely notify the parent of the balance, the process to refill the account, and the district's policy on charging school meals. This notification will continue regularly until the account is replenished. Parents must repay all unpaid charges remaining at the end of the year or before their child leaves the district, whichever occurs first.

The District shall also discretely notify parents of students with ongoing negative balances of the application process for free and/or reduced price meals. If a parent regularly fails to provide meal money and does not qualify for free or reduced price meals, the district may take other actions as appropriate, including notifying the local department of social services if neglect is suspected.

The school district shall notify parents/guardians in writing on an annual basis, at the start of the school year, and to families transferring into the district during the year, of the requirements of this policy. The policy shall also be published on the District website and may be included, as appropriate, in other district publications. All staff involved in implementing and enforcing this policy shall also be notified of these requirements and their responsibilities.

#### Unpaid Meal Charges and Debt Collection

Unpaid meal charges shall be considered "delinquent" in accordance with the district's accounting practices. The district shall attempt to recover unpaid meal charges before the end of the school year, but may continue efforts into the next school year. The district shall notify parents of unpaid meal charges at regular intervals, and may engage in collection activities. The district shall offer repayment plans, and may take other actions that do not result in harm or shame to the child, until unpaid charges are paid.

#### Account Balances

Remaining funds will be carried over to the next school year. When students leave the district or graduate, the district will attempt to contact the parents to return remaining funds. Parents may request, in writing, that funds be transferred to other students (e.g., siblings) or to unpaid accounts. Unclaimed funds remaining after three months may be absorbed by the school meal account.

#### Staff

Staff members are allowed to purchase food from the district's food services. However, all purchases must be paid for at the point of sale in cash or credit/debit card. Staff members are not allowed to charge meals to be repaid later.
