

Name _____

Date _____

Notes: Climate
Human Interference

The Greenhouse Effect

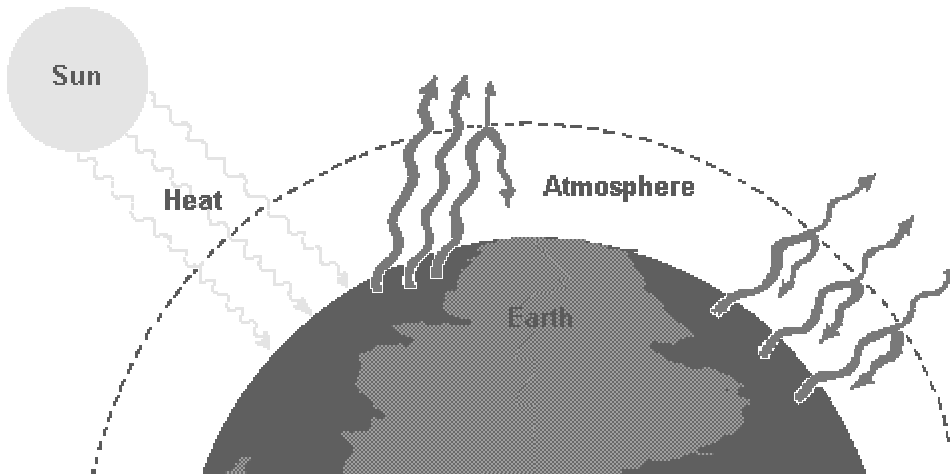

Properties of electromagnetic energy ()

1. _____
2. _____
3. _____

According to p. ____ of the Earth Science Reference Tables these are some types of EM energy:

Radiation Type	Wavelength	Danger Posed

What is the relationship between the temperature of an object and the length of the EM energy it emits?

The primary Greenhouse gases are _____

Sources of these gases are _____

Effects of Global Warming : _____

Ozone Depletion

The ozone layer is found in the _____ and protects us from the sun's _____

Ozone is destroyed by _____ in this reaction: _____

Effects of ozone depletion: _____

These are some things I learned, questions I have, or thoughts about the lesson:
