

Name _____

Date _____

Notes: Earth Systems

Surface Layers

What 3 earth layers do you interact with every day? _____

Layer	Definition
_____	_____
_____	_____
_____	_____

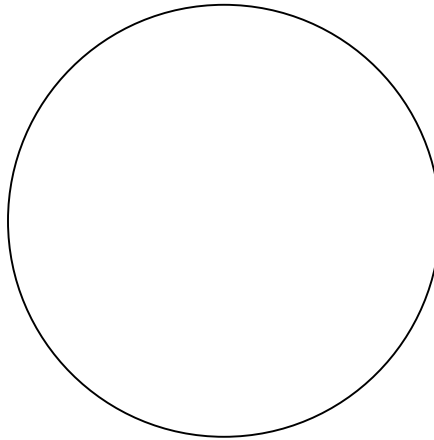

According to p. _____ of the Earth Science Reference Tables what are each of these layers made of?

Layer	Composition
_____	_____
_____	_____
_____	_____

What are some events that occur in each layer?

Layer	Events
_____	_____
_____	_____
_____	_____

The diagram below represents the outline of the earth. Use additional circles to draw in where you believe the 3 layers are located. Be sure to show about how thick each layer would be if drawn to scale and to label.

These are some questions or thoughts I have about the lesson:
