

Name \_\_\_\_\_

Date \_\_\_\_\_

**Notes: Erosion  
Weathering**

Weathering: \_\_\_\_\_

Physical weathering: \_\_\_\_\_

examples: \_\_\_\_\_

Chemical weathering: \_\_\_\_\_

examples: \_\_\_\_\_

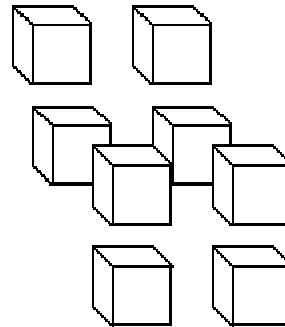

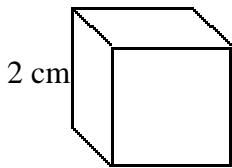

What do all forms of weathering require? \_\_\_\_\_

What factors affect the rate at which a rock weathers?

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_

An example of a rock that chemically weathers is \_\_\_\_\_

Why does granulated sugar dissolve faster than sugar cubes? \_\_\_\_\_

Surface Area = \_\_\_\_\_

Surface Area = \_\_\_\_\_

How does precipitation affect weathering rate? \_\_\_\_\_

How does temperature affect weathering type? \_\_\_\_\_

These are some things I learned, questions I have, or thoughts about the lesson:
