

Name _____

--	--	--	--	--	--

Date _____

Notes: Weather Variables

Dew Point and Relative Humidity

Dew Point:

- _____
- _____

Relative Humidity: _____

Temp = 70°F
 Capacity = ____ H₂O
 RH = _____ %
 DP = _____ °F

Temp = 70°F
 Capacity = ____ H₂O
 RH = _____ %
 DP = _____ °F

Temp = 65°F
 Capacity = ____ H₂O
 RH = _____ %
 DP = _____ °F

Temp = 70°F
 Capacity = ____ H₂O
 RH = _____ %
 DP = _____ °F

What is the only way to change the dew point? _____

What two factors affect the relative humidity? _____

Which station indicates the greatest chance of precipitation? _____ The greatest amount of water vapor? _____

Moisture Relationships:

These are some questions I have about this lesson:
