

SSBA - Loan of Devices (Non-public schools)

Upon request, school districts must loan, at no charge, technology obtained as part of the Smart Schools Bond Act to children attending nonpublic schools located within their district boundaries.

If you are interested in participating in this device lending program, please fill out this form and return it to New Paltz Central School District. You can drop off, e-mail, or mail the completed form to:

New Paltz Central School District
attn: Technology Department
196 Main Street
New Paltz, NY 12561

The loan request time period will open from June 1st until June 30th of each school year. During that time, any non-public school in the New Paltz CSD district boundaries will be entitled to borrow up to \$250 multiplied by the nonpublic school enrollment in the base year at the time of enactment.

These classroom technology devices include:

- Lenovo 500e Chromebooks
- Epson Brightlink 685wi projectors
- Chromebook charging carts

If you are interested in the loan of any of these devices, please fill out the table below:

Device Name (i.e. Lenovo 500e Chromebook)	Quantity

Print name here: _____

Received by: _____

Date Returned: _____

Notes:

No school district may be required by the Smart Schools Bond Act to loan technology in amounts greater than that obtained under the Smart Schools Bond Act. (Pre-existing requirements to loan instructional materials, including hardware, remain in effect.) No school district may loan Smart Schools Bond Act classroom technology in an aggregate amount greater than two hundred and fifty dollars (\$250) multiplied by the nonpublic school enrollment in the base year at the time of enactment.
