SUPERINTENDENT EVALUATION

SUPERINTENDENT EVALUATION

The New York State School Boards Association (NYSSBA) recognizes that boards of education have a legal obligation to evaluate superintendents annually. More importantly, NYSSBA realizes that it is one of the most important responsibilities of the school board. An effective performance evaluation helps drive school improvement and student achievement, develops a positive relationship between the school board and superintendent, demonstrates accomplishments of the district and sets annual priorities. The superintendent evaluation process is not a means to an end, but rather an ongoing and dynamic process. Decisions regarding both process and instrument should reflect a cooperative effort between the school board and superintendent.

SUPERINTENDENT EVALUATION

This evaluation model offers a three-part guide for evaluating the superintendent:

Part I is based on standards and professional practices derived partly from the American Association of School Administrators and other sample evaluations. Each standard will be reviewed and rated.

Part II is based on local priorities of the district defined in annual superintendent objectives. Collectively, the superintendent and board define three to five objectives that focus the superintendent's efforts for the year. An assessment will be made with regard to the successful completion of these annual objectives.

Part III is the final performance summary sheet. It provides a final rating on the superintendent's performance standards, annual objectives, summative comments, recommendations and signatures. The final summary sheet is placed in the superintendent's personnel file.

HOW TO USE THIS EVALUATION MODEL

The whole board should participate in the process from start to finish, and the board president or assigned board designee is responsible for expediting the evaluation process.

1. Begin with a pre-assessment meeting between the superintendent and board to review the instrument and process. The board and superintendent should agree on the evaluation timeline, instrument and process. Collectively, the board and superintendent review the standards of performance as well as identify the annual superintendent objectives based on local priorities of the district.

2. Determine if the evaluation process will occur only once, at the end of the school year as a summative (final) evaluation, or will also include a mid-year formative evaluation. If no mid-year formative evaluation is done, a scheduled progress report may be warranted.

3. It is recommended that the superintendent provide his/her own self-assessment with evidence to the board. Board members should consider the superintendent's self-assessment and supportive evidence when completing their own instruments.

4. The board president or designee collects all individual board member instruments and compiles the results and comments.

5. An executive session, with board members only, is convened to discuss the evaluation results and provide a decision regarding performance ratings, and a final comprehensive comment summary and recommendations.

6. Shortly thereafter, the board meets again in executive session with the superintendent to review and discuss the evaluation results, make any changes or adjustments to the final evaluation, discuss recommendations for improvement, and begin to define the upcoming year's priority objectives.

Note: The superintendent's contract often contains provisions with regard to the evaluation of his/her performance. Before adopting an evaluation process, it is critical to reference the superintendent's contract to make certain they are consistent with one another.

PERFORMANCE STANDARDS AND RATING SCALES

The five (5) standards of the superintendent's job:

1. **Vision, Culture & Instructional Leadership** – The superintendent leads the district by promoting the success of all students, articulating a vision of learning, developing a positive school climate and demonstrating best practices in instructional programs and staff professional development.

2. **Operations, Resource & Personnel Management** – The superintendent demonstrates the knowledge, skills and ability to effectively manage operations that promote a safe and effective environment for students and staff, ensures the fiscal health of the district, and implements sound personnel practices.

3. **Board Governance & Policy** – The superintendent works effectively with the board of education, exhibits a shared understanding of board and superintendent roles, leads and manages the district consistently with the board's policies, and demonstrates the skills to work effectively with the board.

4. **Communication & Community Relations** – The superintendent establishes effective communication with students, parents, staff and community, and has the knowledge and awareness of different cultures among all community members to effectively engage and respond to diverse interests and needs to support the success of all students.

5. **Ethical Leadership** – The superintendent promotes the success of every student and every staff member by acting with integrity, fairness and in an ethical manner.

Performance ratings will use the HEDI scale which is familiar to most New York schools.

Rating Scale – Highly Effective, Effective, Developing, Ineffective (HEDI)			
Highly Effective	**Effective**	**Developing**	**Ineffective**
Performance has continually exceeded the criteria	**Performance consistently meets the criteria**	**Performance is inconsistent and partially meets the criteria**	**Performance does not meet the criteria and requires significant improvement**
Noteworthy evidence and data demonstrates the superintendent's performance has had an exceedingly positive impact on students, staff, community relations and/or program outcomes. The board should cite specific data or evidence that supports this rating.	Noteworthy evidence and data demonstrates the superintendent's performance maintains effective results and good relations with students, staff, community members and satisfactory program outcomes. The board should cite specific data or evidence that supports this rating.	Noteworthy evidence and data demonstrates the superintendent partially met the criteria and desired results. Performance has made some gains toward relations with students, staff, and community members and has moderately impacted program results. The board should cite specific data or evidence that supports this rating.	Noteworthy evidence and data demonstrates the superintendent's performance has not met the criteria or desired results. Performance has not made any gains in program results or toward relations with students, staff, and community members. The board should cite specific data or evidence that supports this rating.

RECOMMENDED GUIDELINES

How do board members conduct the evaluation fairly and objectively?

It is the responsibility of the school board to evaluate the performance of the superintendent. No process or instrument is completely objective. There will always be some subjectivity, but every evaluation process should foster a fair analysis of the superintendent's performance.

Consider these things when conducting the superintendent's evaluation:

- Give the review the time it deserves
- Maintain a respectful, professional process
- Focus on standards and outcomes (not personality)
- Ask the superintendent to conduct a self-assessment
- Use multiple evidence-based documents when assessing performance
- Identify strengths in performance to build upon
- Address poor results with tact and constructive criticism
- Give recommendations for corrective action where needed
- Go beyond conclusion reporting, consider a problem-solving focus
- Encourage a professional development plan
- Conclude the evaluation by outlining priority objectives for the coming year

THE TIMELINE: THE SUPERINTENDENT EVALUATION
IS AN ONGOING PROCESS WITH A REPEATING CYCLE

| SUGGESTED TIMELINE FOR SUPERINTENDENT EVALUATION	
SUGGESTED TIMELINE	**ACTION**
Summer	1. The board develops or confirms the vision, mission, annual goals and core values of the district.
Summer/Early Fall	2. The board and superintendent collectively define the superintendent's annual priority objectives in measurable targets to be completed in 12 months based on district goals/long-range plans. 3. The superintendent's professional development plan is reviewed with the board to support his/her goals for the coming year.
Fall	4. The board and superintendent review the superintendent's contract, job description, agree upon the evaluation process (including a request for a superintendent self-evaluation), instrument, rating method and possible supporting documents/information/data to be used to measure performance. 5. The board files the procedures by September 10th according to Commissioner's regulations, 8 NYCRR §100.2 (o)(2)(v). 6. The board president and superintendent review the evaluation process and instrument with new board members.
Quarterly or Early Winter	7. The superintendent makes interim progress reports to the board on district goals and superintendent annual objectives, and/or the board conducts an informal mid-year formative performance assessment.
Spring	8. The superintendent conducts a self-assessment and gathers supporting evidence and provides it to board members. (Certain data may not be available at the time of the evaluation, therefore, the prior year's data may be used.) 9. Individual board members complete the evaluation instrument considering the superintendent's self-evaluation and submit their completed instrument to the board president or designee to be compiled, according to district's procedures. 10. Shortly thereafter, board members meet in executive session to discuss their evaluation of the superintendent and determine the board's official evaluation rating and commentary. 11. The board's official evaluation document(s) is/are shared, clarified and discussed with the superintendent in executive session. Changes to the evaluation may be made as a result of the discussions. Professional development objectives will be included as a part of the final evaluation comment(s). 12. A copy of the evaluation final performance summary sheet is placed in the superintendent's personnel file.
Summer	13. Repeat cycle.

Note: New superintendents not hired at the beginning of the school year may need a different review cycle. See the superintendent's contract for reference.

RATING THE SUPERINTENDENT ON PERFORMANCE STANDARDS

Instructions for rating the performance standards

Individual board members may rate the superintendent's professional practice as shown in the example below. Board members may place an "X" in the box that best describes the superintendent's performance in that professional practice area and then determine the overall rating for the standard area based on the HEDI rating scale. Consider the importance of the professional practice if an overall performance rating is not clearly evident.

USE AN "X" TO MARK THE RATING OF EACH AREA

PART II

SUPERINTENDENT ANNUAL OBJECTIVES

Instructions for Rating the Superintendent on Annual Objectives

Indicate progress made related to each stated objective. Include multiple sources of data as supporting evidence for the progress and/or attainment of each objective. If data sources are unknown prior to the executive session with the superintendent, wait until supporting evidence is available to complete this section.

For the board members' convenience, the district clerk can prepopulate the chart on the following page with the superintendent's annual objectives.

THE SMART MODEL

Identifying annual objectives with the superintendent should define student achievement objectives, priorities and issues unique to the district. Three to five key objectives that follow the SMART model (specific, measurable, achievable, relevant and time-bound). Optimally, the objectives should be aligned with the district's goals and within the scope of the superintendent's control. Benchmarks showing progress at certain intervals throughout the year should be reported and applied to each objective.

Specific	• Define expectations • Avoid generalities and use verbs to start the sentence
Measurable	• Quality, quantity, timeliness and cost
Achievable	• Challenging, but attainable goals
Relevant	• Link the goal to higher level district goals.
Time-bound	• Set timelines to complete the goal with benchmarks to indicate progress

Note: While it is recommended that annual objectives be developed each year, it is understood that in some instances they may not be developed.

ANNUAL SUPERINTENDENT OBJECTIVES

Objectives and evidence of progress need to be identified before completing this sheet.
