POLICY 5684

SUBJECT: USE OF SURVEILLANCE CAMERAS IN THE SCHOOL DISTRICT AND ON SCHOOL BUSES

It is the Board of Education's responsibility to ensure the safety of the District's students, staff, facilities, and property. While the Board of Education recognizes the importance of privacy, it has authorized the use of surveillance cameras on District property including in District buildings, facilities, grounds, vehicles, buses, and other areas deemed necessary. These surveillance cameras will help to assist the Board in maintaining the overall safety and welfare of the District's students, staff, property, and visitors, as well as to deter theft, violence, and other criminal activities.

Surveillance cameras will only be placed in public or common areas **where there is no expectation of privacy**, such as **classrooms**, stairwells, hallways, cafeterias, parking lots, District vehicles, and playgrounds, and not in private areas such as locker rooms, bathrooms, or other areas in which individuals have a reasonable expectation of privacy. Audio recordings will not be utilized by the District officials, however, this prohibition may not preclude the use of audio recordings by law enforcement officials in accordance with their official duties or as otherwise authorized by law.

Appropriate Use

Surveillance footage will only be reviewed in response to a legitimate need, such as an aid to an investigation **of misconduct** or in response to a credible threat against the District. Personnel found to be reviewing surveillance footage for reasons not deemed to be a legitimate need may be subject to disciplinary action.

Disciplinary Proceedings

Video recordings or footage from District surveillance cameras may be used in student or employee (as permitted by any applicable collective bargaining agreement) disciplinary proceedings, as appropriate. Any footage used as evidence to

support a disciplinary action will be made available to the subject of the discipline as well as their legal guardians and/or legal counsel, if applicable.

Signage/Notification

The District will place signage at entrances to the school campus or at major entrances to school buildings notifying students, staff, and visitors of the District's use of surveillance cameras. Students and staff will also receive additional notification, as deemed appropriate by the Superintendent, regarding the use of its surveillance cameras through means such as publication in the District calendar, employee handbook, and/or the student handbook.

Maintenance of Video Recordings

Any video surveillance recording in the schools, on school buses, or on school property, on tape, CD, or digitally, will be the sole property of the District and stored in its original form and in a secure location to avoid tampering and also to ensure its confidentiality in accordance with relevant laws and regulations.

In addition, to the extent that any video images create student or personnel records, the District will comply with all applicable state and federal laws related to record retention, record maintenance, and record disclosure, including the Family Educational Rights and Privacy Act ("FERPA").
