

Lesson 121

1. Tim and Connor each went to visit their sisters in different cities. Tim traveled 56 miles to see his sister. Connor traveled 132 miles to see his sister. How many miles did Tim and Connor travel to see their sisters altogether?

Tim and Connor traveled _____ miles altogether.

2. $33 + 450 =$
3. $15 + 19 =$
4. $290 - 12 =$
5. How many paper clips long is the toothbrush?

The toothbrush is _____ paper clips long.

**Lesson 122**

1. On a safari, Mr. Cortez counted 29 lions and 42 giraffes. How many lions and giraffes did Mr. Cortez see in all?

Mr. Cortez saw _____ lions and giraffes in all.

2. $9 + 8 =$
3. $75 + 75 =$
4. $314 - 3 =$
5. How many cookies long is the cookie tray?

The cookie tray is _____ cookies in length.

Lesson 123

1. Put the numbers in order from greatest to least.
72, 71, 76, 56, 54

_____, _____, _____, _____, _____

2. Tony picked 86 apples one Saturday. If 55 of the apples are red and the rest are green, how many green apples did Tony pick?

Tony picked _____ green apples.

3. $62 + 58 =$

4. $626 - 14 =$

5. Look at the pictures. Circle the heaviest object.

**Lesson 124**

1. Wilson spent 45 hours working one week and 52 hours working the next week. How many hours did Wilson work during the two weeks combined?

Wilson spent _____ hours working during the two weeks combined.

2. Put the numbers in order from least to greatest. 117, 71, 88, 35, 46

_____, _____, _____, _____, _____

3. $22 + 88 =$

4. $97 + 21 =$

5. Look at the picture. How many inches long is the picture frame?

The picture frame is _____ inches long.

Lesson 125

1. The teacher set up 79 chairs in the school cafeteria. Later, she set up an additional 21 chairs. How many chairs did the teacher set up in all?

The teacher set up _____ chairs.

2. Draw an X on each even number.

17 33 134 48 190

3. $62 + 15 =$

4. $62 - 15 =$

5. Look at the picture. How many centimeters long is the bandage?

The bandage is _____ centimeters long.

**Lesson 126**

1. Put the numbers in order from least to greatest. 216, 129, 312, 99, 493

_____ / _____ / _____ / _____ / _____

2. Room 2-B recycles 100 cans during May and 75 cans during June. How many more cans does Room 2-B recycle during May?

Room 2-B recycles _____ more cans during May.

3. $34 - 28 =$

4. $272 + 13 =$

5. Look at the picture. How many inches long is the watch?

The watch is _____ inches long.

Lesson 127

1. Circle the unit that would be most likely used to measure the length of a football field.

inch foot yard mile

2. Dominic received 89 letters in March and 56 letters in April. How many letters did Dominic receive in March and April total?

Dominic received _____ letters in March and April total.

3. $49 - 17 =$

4. $45 + 50 =$

5. For each of the following numbers, circle the number in the tens place.

74 456 31 190 123

Lesson 128

1. If 68 children signed up to play lacrosse and 74 children signed up to play soccer, how many more children signed up to play soccer?

_____ more children signed up to play soccer.

2. $444 - 13 =$

3. Circle the odd number.

318 151 220 100

4. $56 + 111 =$

5. Look at the picture. How many erasers long is the chalkboard?

The chalkboard is _____ erasers long.

Lesson 129

1. Henry found 38 shells on the first day of vacation. On the second day, he found 45 more shells. On the third day, he found 38 more shells. How many shells did Henry find on the first and third days of vacation combined?

Henry found _____ shells during the first and third days of vacation.

2. $19 - 7 =$

3. $44 + 15 =$

4. Look at the picture. How many inches long is the hammer?

The hammer is _____ inches long.

5. Put the numbers in order from greatest to least. 101, 115, 111, 133, 122

_____ / _____ / _____ / _____ / _____

Lesson 130

1. Mrs. Carter ordered 17 watermelons for the school picnic. If 11 of the watermelons were delivered on time and the rest of the watermelons were delivered late, how many watermelons were delivered late?

_____ watermelons were delivered late.

2. Circle the even number.
756 429 831 211

3. $231 - 13 =$

4. $164 + 9 =$

5. How many pounds does the baby weigh?

The baby weighs _____ pounds.
